Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of East Kingston in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said East Kingston on Tuesday, the thirteenth day of March, next at two of the clock in the afternoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
- 3. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.
- 4. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for maintenance of the Fire Department.
- 5. To see if the Town will vote to raise and appropriate the sum of \$202.75 against the State Appropriation of \$1,351.68 for Class V Road Assistance.
- 6. To see if the Town will vote to authorize the Selectmen to sell at private sale or public auction property acquired by Tax Collector's Deed.
- 7. To see if the Town will vote to raise and appropriate the sum of \$175.00 to reimburse Lewis B. Tilton for the filling and grading of an area in front of the South Road Cemetery and for the gravelling of an exit from the existing dead-end road.

- 8. To see if the Town will vote to raise and appropriate the sum of \$800.00, to be used in addition to the T.R.A. appropriation to complete the South Road to the South Hampton line.
- 9. To see if the Town will vote to raise and appropriate the sum of \$40.00 as authorized by State statute, (RSA 31:4, Para XIX) to be paid to the Seacoast Regional Development Association; to be expended by that Association, together with funds appropriated by other towns and cities and the State, and contributions of individuals; for publicity and promotion of that section of southeastern New Hampshire including this town, which is officially designated by the State Planning and Development Commission as the Seacoast Region of New Hampshire.
- 10. To hear the report of the committee appointed to study the question of reappraising the improved lands and buildings subject to taxation, and see what action the Town will take.
- 11. If the above Article 10 is voted favorably, to see if the Town will raise and appropriate the sum of \$600.00 in 1962, \$600.00 in 1963, and the balance necessary in 1964, to have the State Tax Commission assist the Selectmen in such an appraisal.
- 12. To see if the Town will vote to authorize the Moderator to appoint a committee of five to consider the schedule of salaries of Town Officials, and bring in their recommendations at the next annual Town Meeting.
- 13. To see if the Town will vote to raise and appropriate the sum of \$1,650.00 to enlarge the Library facilities, so that it will occupy the entire front of the building with the entrance stairway on the outside, including shelves and lighting.
- 14. To see if the Town will vote to raise and appropriate the sum of \$118.45 to purchase supplies for the Forest Fire Wardens.

- 15. To see if the Town will vote to accept the reports of the Town Officers and the Auditors, as printed in the Town Report.
- 16. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this nineteenth day of February, in the year of our Lord nineteen hundred and sixty two.

ETHELYN S. AVERY,
Town Clerk

Report of the Special Committee

In accordance with the vote of the Annual Town Meeting in 1961, the moderator appointed the following committee, Selectman Guy E. Nickerson, Alcide Miron, Charles A. Monahan, Ralph B. West, Jr., and Walter Evans to make a study of the question of appraisal of land and buildings in the Town of East Kingston by the State Tax Commission or another outside concern and report its recommendations to the Town Meeting in 1962. After a study of the situation including costs and other factors, the special committee recomends the following, the town enter into a revaluation with the State Tax Commission or some other approved appraisal firm and suggest that the Town of East Kingston raise and appropriate the sum of \$600.00 in 1962 and \$600.00 in 1963 and the balance in 1964 for this purpose.

It is recommended that consideration be given to increasing the appropriation of police protection in 1962.

You will note there has been a marked increase of over 100% in the number of calls that require considerable time and expense. Our present method of remuneration per hour paid to police officers should be increased to attract additional members as well as sustaining present personnel when needed.

Consideration should be given to the purchase of police equipment for present member protection, together with insurance for men while on duty — life, accident and liability.

The increase in motor vehicle registration has increased

vehicular traffic, which requires additional law enforcement time and expense.

The appropriation for 1962 should include an expense allowance for police personnel to attend Seminars dealing with law enforcement procedure in order to improve the service for the community.

Respectfully submitted,

CURTIS A. CLEARY, Chief of Police

School Board of East Kingston

This Committee was appointed by the Moderator to work with the School Board to consider transportation problems prior to the letting of a new contract and make any recommendations that were considered advisable.

After a review of the routes travelled, a check of average annual mileage and estimates of operating expenses to the Carrier as compared to the anticipated needs of East Kingston, it was this Committee's unamimous recommendation that the School Board obtain competitive bids for a transportation contract. The Committee suggested the Carrier should be required to provide a 60-passenger bus not over three years old with snow tires, with ample insurance and adequate equipment.

The contract was advertised by the School Board and three bids were received: Marshall's Transportation Company, Robert Anderson and Marshall Bean. The sealed bids were opened in the presence of this Committee, the School Board and the Superintendent of the School District. Marshall's Transportation Company was the lowest bidder, and the School Board duly awarded the contract to them for a three-year period.

Respectfully submitted,

Richard E. Driggs, Chairman Ralph B. West, Jr. Nathaniel B. Rowell

Auditors

District Treasurer

Report of the Superintendent of Schools

To the School Board of East Kingston:

There was one change in the teaching staff caused by the retirement of Mrs. Clara Merrick who served the school district with faithfulness and distinction for over thirty years. We extend to her best wishes for good health and happiness in her retirement.

Mrs. Albertine Williams was elected to teach grades 5 and 6 at Brown's Academy.

The staff for 1961-1962 follows:

Mrs. Albertine Williams, Grades 5 and 6
Mrs. Margaret Tilton, Grades 3 and 4
Mrs. Blanche Loch, Grades 1 and 2
Mrs. Eleanor Henry, Music
Miss Mary Shea, School Nurse
Miss Gemma Jean, Assistant School Nurse

This is a capable and experienced staff of teachers.

According to the tuition contract agreement "the tuition rates shall be based upon the estimated average per pupil costs of grades 7-8 and grades 9-12 in the public schools of Exeter for the school year preceding the year to which the tuition rates are applicable plus a rental charge of two per cent as provided under N.H. RSA 194:27." The estimated per pupil cost for junior high students for 1961-1962 is \$359.66 and the estimated cost for high school students is \$460.53. To these figures is added the rental charge of \$22.17 making a total junior high cost of \$381.83 and a total high school cost of \$482.70. These figures have been approved by the State Department of Education.

Because the above figures are estimates, the Exeter School Board has agreed that it would rather be on the low side than the high side and has set the tuition rates for next year as \$375.00 for junior high students and \$475.00 for high school students. It may be of interest to know that the estimated state average per high school pupil costs for 1961-1962 are \$457.00 exclusive of rental fee.

In estimating the per pupil costs the following expenditures were not included: tax for state wide supervision, transportation, salary of the Teacher Consultant, hot lunch programs, reimbursement from the National Defense Education Act, tuitions and capital outlay items.

Due to the increasing demands on the school nurses' time and services and the increase in school enrollments in recent years, the Supervisory Union School Boards at the annual budget meeting in December voted to add another assistant nurse for the next school year. It was felt that there are decided advantages in doing this on a supervisory union basis so that a coordinated health program may be continued and that the health equipment, some of which is rather expensive, may be used in all of the districts in the union. The above would not be true if each school district were to employ its own nurse and carry on its own program.

This will provide as personnel a head nurse and two assistant nurses to carry out the school health program for our schools.

A part of this report is devoted to a statement by Mr. Donald Elsemore, Teacher Consultant for Supervisory Union =16, concerning work which he is doing in his role as supervisor of elementary education which gives him the opportunity to work with the elementary teachers and to assist them in their teaching. He reports as follows:

"During the last session of New Hampshire State Legislature the title of Helping Teacher was officially changed to Teacher Consultant. Although the title is new, the task remains the same, to work toward the continued improvement of the educational growth and development of children.

One means of bringing this about this year has been through a series of in-service training sessions for teachers. The first such meeting was held in September. Elementary teachers met with the New Hampshire Director of Mathematics, George Cunningham, for a close look at the recently completed local curriculum guide in mathematics. This guide was developed by Supervisory Union #16 teachers and is now in the hands of each teacher. This first meeting was designed to assure the wisest possible use of this guide toward the betterment of mathematics instruction.

Other meetings have dealth with the following topics:

October: The teaching of reading — a panel of reading specialists answered teacher's questions concerning specific problems in the teaching of reading.

November: Audi-visual Aids—Mr. John Bardwell, Director of the University of New Hampshire Audio Visual Center, conducted this informative meeting. He demonstrated practical classroom uses of new audio-visual materials. He also demonstrated and discussed the possible uses of teaching machines in the school.

February: Elementary Science Guide — Mr. Howard Wagner, New Hampshire Director of Science Education, led this meeting. Copies of the new state publication, "Elementary Science Guide," were distributed to all teachers. The purpose of the meeting was to thoroughly acquaint teachers with this new guide through

actual demonstrations so that once in the hands of teachers, it will be used.

Later meetings are in the planning stage at this time. Major topics will deal with the teaching of spelling, conservation education, and a look at new textbooks and other instructional aids.

A Boston University extension course in the teaching of reading was recently completed in Stratham. Twenty Supervisory Union #16 teachers took advantage of this opportunity to improve their reading instruction under the direction of Dr. Helen Murphy, an outstanding person in the field of reading. The impact of this course is already being felt in our classrooms.

This report has included only samples of the work done under the direction of the Teacher Consultant. Daily work is varied and might be summarized as including all phases of working with teachers, pupils and parents in the search for new ways to improve the quality of education."

As a matter of public information on days when there is to be no school due to inclement weather an announcement will be made over the Dover radio station WTSN, 1270 on the dial, starting at 6:45 a.m. and over the Portsmouth radio station WHEB, 750 on the dial, starting at 7:15 a.m. during December and January and at 6:45 a.m. during the other months of the year.

The decision to have the Standard Achievement Tests given in the middle of the school year rather than in May to all except students in the first and second grades has the advantage of teachers being able to use the results of the tests

diagnostically. If a class shows that it is below standard in a certain subject, the teacher has the opportunity to require more work and drill in this area for the remainder of the year, a procedure which should result in better achievement.

The Parent-Teacher Association deserves credit for its contribution to the educational needs of the school.

I call your attention to the reports and tables which follow.

Again I take this opportunity to express my sincere appreciation to the citizens, the members of the School Board and the teachers for their continued support and cooperation.

Respectfully submitted,

RAYMOND A. HOYT Superintendent Supervisory Union #16

School Health Report

To the Superintendent of Schools:

A school health program is generally recognized to include these essentials:

- A. A safe and healthful school environment.
- B. Guidance of individual pupil health, including periodic health examinations as needed.
- C. Teaching of adequate health information.
- D. Promoting health of school personnel.
- E. Development of relationships between school, home and community so that the health program can be carried over into the child's life outside school.
- F. Making necessary adjustments in the school program for children with particular needs.

To help carry out these essentials the health staff may consist of physician, nurses, psychologist, nutritionist, psychiatrist, dental hygienist, and other related specialists. No matter how complete the health staff, it cannot carry out all aspects alone. Since health is a part of every child's daily living, in his classroom, his room and his community, a health program cannot be isolated in the health office. Its success depends on many people — parents, school board, superintendent, teacher, and the nurse.

Constant effort is being made to achieve most satisfactory results in building better health for our children by integration with other school personnel and coordination with state health agencies.

If health service in our school is to be effective, it is ob-

vious that adequate budget and personnel are necessary to meet the needs of our growing school population.

In conclusion, we express our sincere appreciation to the school board, the Superintendent, the parents and teachers for their contribution and support of our health program.

Report of the Music Supervisor

To the Superintendent of Schools:

In the music program, many of the experiences in which the pupils participate are essential from year to year. Therefore, in order to avoid repetition, I should like to state briefly that during the year 1961 the classroom work included the following:

Ear-training, rhythms, work with rhythm band, the learning of rote songs, action songs, singing games, song stories, learning to play tonettes, studying the fundamentals of music, note reading, part-singing, music appreciation and folk and square dancing.

An operetta, "The Frog Prince," was presented at the April meeting of the P.T.A. by the pupils in Mrs. Tilton's class. Much credit should be given Mrs. Tilton for her hard work on this operetta and for its success.

In the fall, a new piano was purchased by the Trustees of Brown's Academy for the 5th and 6th grade room. We are all very grateful to them for buying this for us.

We were pleased to have some of the parents visit the music classes during Edcation Week. They are always very welcome.

In closing, I wish to thank Mr. Hoyt, Mr. Elsemore, the Trustees of Brown's Academy, the members of the School Board, the P.T.A., the teachers and the parents for their cooperation.
